

PROJECT OBJECTIVES

- To create a set of recommended tools and procedures for adopting the ECVET system in HE & VET institutions in Russia and Uzbekistan.
- To raise awareness about the benefits of the ECVET system through a number of highly targeted dissemination and exploitation activities centering around the development of four National ECVET Labs/Training Centres (2 in Russia and 2 in Uzbekistan) established on the base of acknowledged HEIs providing VET teacher training.
ECVET Training Centre - RSVPU
- To develop a network of national and transnational key HE & VET institutions for facilitating and supporting the implementation of the ECVET system in Russia and Uzbekistan.
- To train VET teachers and other key stakeholders regarding the use and benefits of ECVET.
- To create a collection of resources and training materials intended to support the National Training Centres and stakeholders for the transfer and implementation of the ECVET system in Russia and Uzbekistan.
- To develop the multi-dimensional roadmap (policy report) of ECVET evolution in Russia and Uzbekistan.

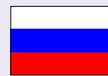

RUECVET is the instrument to promote mutual trust and mobility in vocational education and training

The overall aim of the project is to create a HE-VET platform for piloting ECVET in the national HE & VET systems of the two Partner Countries (Russia & Uzbekistan), in order to promote and facilitate compatibility, comparability and complementarity of VET qualifications.

Co-funded by the
Erasmus+ Programme
of the European Union

Проект RUECVET – это инструмент для укрепления взаимного доверия и усиления мобильности в среднем профессиональном образовании (СПО).

■ Глобальная цель проекта – создание платформы на базе организаций высшего и среднего профессионального образования для пилотного запуска Европейской системы зачетных единиц для СПО (ECVET), способствующих продвижению и обеспечению сравнимости, совместимости и комплементарности квалификаций системы СПО как горизонтально (внутри системы), так и вертикально между средним профессиональным и высшим образованием на национальном и транснациональном уровнях транснациональном уровнях.

RUECVET loyihasi – bu o'rta maxsus, kasb-hunar ta'limida (O'MKHT) o'zaro ishonchni mustahkamlash va mobillikni kuchaytirish uchun vositadir.

■ Loyihaning global maqsadi – O'MKHT tizimidagi malakalarni milliy va xalqaro darajada ham gorizont (tizim ichida), ham vertikal tarzda o'rta maxsus, kasb-hunar va oliy ta'lim orasida qiyoslash, mutanosiblik hamda komplementarligini ilgari suruvchi va ta'minlovchi O'MKHT uchun Yevropa sinov birliklari tizimini (ECVET) tajriba-sinovdan o'tkazish uchun oliy va o'rta maxsus, kasb-hunar ta'limi negizida tayanch platforma yaratish.

The Project Consortium

The driving rationale behind the RUECVET consortium was the development of a strong partnership between eleven key HE and VET institutions, in three European Member States (Cyprus, Malta and Latvia) and two Partner Countries (Russia and Uzbekistan), which would be strategically positioned to facilitate and promote the piloting of ECVET in the national VET system of Russia and Uzbekistan; while capitalizing on the previously acquired experience of HEIs in the application of EU instruments for transparency and mobility (ECTS).
